L. SHERMAN ADAMS CO.

Specialists in Orchids

Growers and Importers

FOREWORD

Our Stock of Price Lists for 1938 has been exhausted, but we hope this mimeographed copy will serve until we can send you our New and Improved List.

The Special Offerings contained in this Price List, are mostly of very easy culture and are all capable of being undertaken by amateurs who achieve success with any other class of plants. We have indicated in each case the type of house each variety prefers, but even this is not a hard and fast rule, for we have repeatedly seen amateurs raising both the cooler and the warmer types in one house by judicious placing of their plants.

The word "Intermediate", following a heading, means these plants do best in a house whose minimum temperature is 58°-60° at night. "Warm" indicates a minimum temperature of 68°-70°. "Cool" indicates a minimum temperature of 50°-52°.

Orchids are extremely satisfactory for small collections, as their lasting qualities while in bloom are superior to those of other plants. Blossoms can be counted on to last from two weeks to two and three months on the plants in perfection. As there are so many varieties, a comparatively small collection will furnish blooms throughout the year. We know of no other genera which will do this. The colors and charm of orchids defy description - their individuality must be actually seen to be appreciated.

The L. Sherman Adams Co. has a fine stock of Exhibition Cattleyas, Cymbidiums, Odontoglossums, Phalaenopsis, and Vandas. Prices and descriptions of these will be sent upon request. We invite your inspection of our collection Saturdays and Sundays, or on week-days by appointment.

BRASSOCATTLEYA (Intermediate)
(In 4 and 5 inch pots)

MARS	(Bc. Mrs. J. Leeman x C. Maggie Raphael, alba)	Fall	\$20
	Purple with golden lip; also a much lighter type with a deeper border on petals		
MRS. CHAS. MARON	(B. Digbyana x C. gigas)	Fall & Winter	\$15
	Mauve with pale lemon yellow in lip		
MRS. J. LEEMAN	(B. Digbyana x C. Dowiana)	Fall & Winter	\$15
	Pale yellow with touches of pinky purple, fringed lip		
NESTOR	(Bc. Mrs. Chas. Maron x C. labiata)	Fall & Winter	\$15
	Mauve		

BRASSOLAELOCATTLEYA (Intermediate)
(In 4 and 5 inch pots)

TRUFFAUTIANA, VAR. AUREA	(Bc. Mrs. J. Leeman x Lc. luminosa)	Fall	\$20
	Greeny yellow with striated pinky purple border on petals, fringed lip		

CALANTHE LEAD BULBS (Warm)
(In 4 inch pots)

BARON SCHROEDER	(Regnieri x vestita, gigantea)	Late Winter	\$ 3
	Cream with magenta at center		
BRYAN, VAR. WM. MURRAY	(Vestita, rubro-oculata x Regnieri)	Late Winter	\$ 3
	Lighter than the above type; very large		
FLORENCE	(Sedenii, bella x Veitchii)	Late Winter	\$ 5
	Deep pink		
LASSCELLEANA	(Parentage unknown)	Late Winter	\$ 3
	White with yellow lip		
SEDENII-HARRISII	(Veitchii x vestita, Turneri)	Late Winter	\$ 2
	Pure white		
VEITCHII Species	Moulmein	Late Winter	\$ 2
	Pale pink		

CATTLEYA SPECIES (Intermediate)
(In 4½ and 5 inch pots)

BOWRINGIANA	Brazil	Autumn	\$ 5
	5 to 20 flowers; violet purple with darker lip		
GASKELLIANA	Venezuela	Late Summer	\$7.50-\$10
	Pale to deep mauve, throat striated with yellow		
GIGAS	Tropical America	Summer	\$10
	Pale to deep rose mauve, lip crimson with yellow markings		
LABIATA	Brazil	Autumn	\$7.50-\$10
	Rosy mauve, very showy; lip crimson purple, frilled and marked with yellow		
MENDELII	Colombia	Late Spring	\$10
	Light blush, frilled lip, crimson or magenta in lip		
MOSSIAE	Venezuela	Spring & Summer	\$10
	Light rosy mauve, with crimson stripes and yellow markings in lip		
PERCIVALIANA	Venezuela	Early Winter	\$5-\$10
	Deep rose mauve, lip richly colored maroon, crimson, pink and golden yellow		

¹ See also the discussion in the previous section.

SCHROEDERAE	Colombia		Spring	\$10
	Pale rose, deeper in the lip, throat orange; sweet scented			
TRIANGULINAE	Colombia		Winter	\$5-\$7.50
	Blush, purple crimson lip with orange in throat			
CATTLEYA HYBRIDS (In 4 and 5 inch pots)				
AMABILIS	(labiata x gigas)		Autumn	\$15
	Deep rosy-mauve, dark lip			
ARMA INVILLIERENSIS	(Mendelii x gigas)		Spring	\$15
	Pinky-mauve, large purple lip			
CHESSLER	(gigas x General Pau)		July-December	\$10
	Blush with vivid purple lip, usually two yellow eyes			
ENID	(gigas x Mossiae)		Year round	\$10
	Mauve, with throat marking of the Mossiae type usually			
FABIA	(Dowiana x labiata)		Autumn	\$15
	Rosy mauve, rich frilled deep crimson lip with golden veins			
GUDHARD	(Gudrun x Hardyana)		July-December	\$20
	White or pale lavender with purple lip, yellow eyes			
HARDYANA	(Dowiana x gigas)		Late Summer	\$15
	Deep reddish purple with rich crimson lip, yellow eyes			
HAROLD	(Gaskelliana x gigas)		Summer	\$10
	Pale mauve, blotches of yellow in throat			
JESSUP	(Rene Dubreucq x Dionysius)		July-December	\$20
	Mauve, rose purple lip with white or yellow eyes; fine texture			
KIENASTIANA	(Dowiana x Lueddemanniana)		July-October	\$15
	Dark purple, dark lip golden-veined			
KING GEORGE	(Dowiana, Rosita x triumphans)		July-October	\$20
	Yellow with magenta lip, golden-veined			
MAGGIE RAPHAEL	(Dowiana x Trianae)		August-November	\$15
	Lavender, large lip with golden veins			
MAGGIE RAPHAEL, VAR. ALBA			September-December	\$25
	White with purple lip, veined with gold			
MISS WILLIAMS	(Gaskelliana x Harrisoniana)		August-December	\$20
	Lavender, compact shape, pale yellow in lip; smaller but very distinctive			
OENONE	(labiata x Mossiae)		Winter	\$20
	Large mauve flower, purple in lip			
PORTIA	(Bowringiana x labiata)		Autumn	\$10
	Deep purple			
PRESIDENT WILSON	(Fabia x labiata)		July-November	\$15
	Deep mauve, with purple lip and pale lavender or golden eyes			
PRINCESS ROYAL	(Fabia x Hardyana)		July-November	\$15
	Pale to deep mauve, purple lip with golden eyes or veined with gold.			
PRINCE SCHIMADZU	(Hardyana x Tityus)		July-November	\$15
	Lavender			
SUAVIOR	(Intermedia x Mendelii)		Autumn	\$25
	Blush, yellow in throat			
VERIFLORA, VAR. ALBA	(labiata x Trianae)		Autumn	\$20
	Palest blush to white, purple and gold in lip

COELOGNE (Intermediate)
(In 5 and 6 inch pots)

CRISTATA	Species	East India	Late Winter	\$5-\$10
		Sprays of purest white flowers with brilliant gold in lip		
PANDURATA	Species	Borneo	Late Summer	\$15-\$25
		Long sprays of handsome green flowers with brownish black markings; very distinctive		

CYMBIDIUM SPECIES (Intermediate and cool)
(In 5 and 6 inch pots)

Blossoming Period from December to April unless otherwise specified.

HOOKERIANUM	Himalayas	\$15
	Green-brown; large flower	
INSIGNE, VAR. SANDERI, MAGNIFICA	Assam	\$25
	Palest pink, with bright crimson spots in lip and bright crimson top of column	
TRACYANUM	Burma	\$10
	Pale to medium green with lateral stripes of red	

CYMBIDIUM HYBRIDS

BEATRICE	(Unknown parentage)	\$20
	Straw-color, rusty rose in lip	
BEATRICE, VAR. SUPERBA		\$30
	Pale yellow, crimson in lip	
CERES	(l'Ansonii x insigne, Sanderi)	\$50
	Lovely deep rose	
CHRISTMAS CHEER	(Schlegelii, Mrs. M. A. House x Doris)	
	Pink, yellow and bronze types	November \$35
CONINGSBYANUM	(grandiflorum x insigne, Sanderi)	\$25
	Cream flower with pink in lip	
DOREEN	(Doris, A. M. x Pauwelsii)	November \$35
	Pink, yellow and bronze types	
DORIS	(insigne, Sanderi x Tracyanum)	\$30
	Pale pink, maroon spots in lip	
EBURNEO-LOWIANUM	(eburneo x Lowianum)	\$20
	Pale green, rusty-rose bar on lip	
LYOTH	(Ceres x insigne, Sanderi)	\$35
	Pale to deep pink; very variable	
MOIRA	(Pauwelsii x Tracyanum)	\$20
	Green, striated with light to deep red	
PAUWELLSII	(insigne, Sanderi x Lowianum)	\$20
	Straw-yellow, dark lip	
SCHLEGELII	(insigne, Sanderi x Wiganianum)	\$25
	Shell pink; large flower	

CYPRIPEDIUM SPECIES (Intermediate and Warm)

(In 3 and $3\frac{1}{2}$ inch pots unless otherwise noted)

Blossoming Period from November to March unless otherwise specified

CALLOSUM, VAR. SANDERAE	Siam	\$12
	White with green stripes; foliage marbled	
CURTISII	Sumatra	Summer and Various \$ 8
	Dorsal sepal greenish, white margined, purple pouch; foliage tessellated	

As a result of the above discussion, it is recommended that the following changes be made in the proposed rule:

19. *Leucosia* *leucostoma* *leucostoma* *leucostoma* *leucostoma*

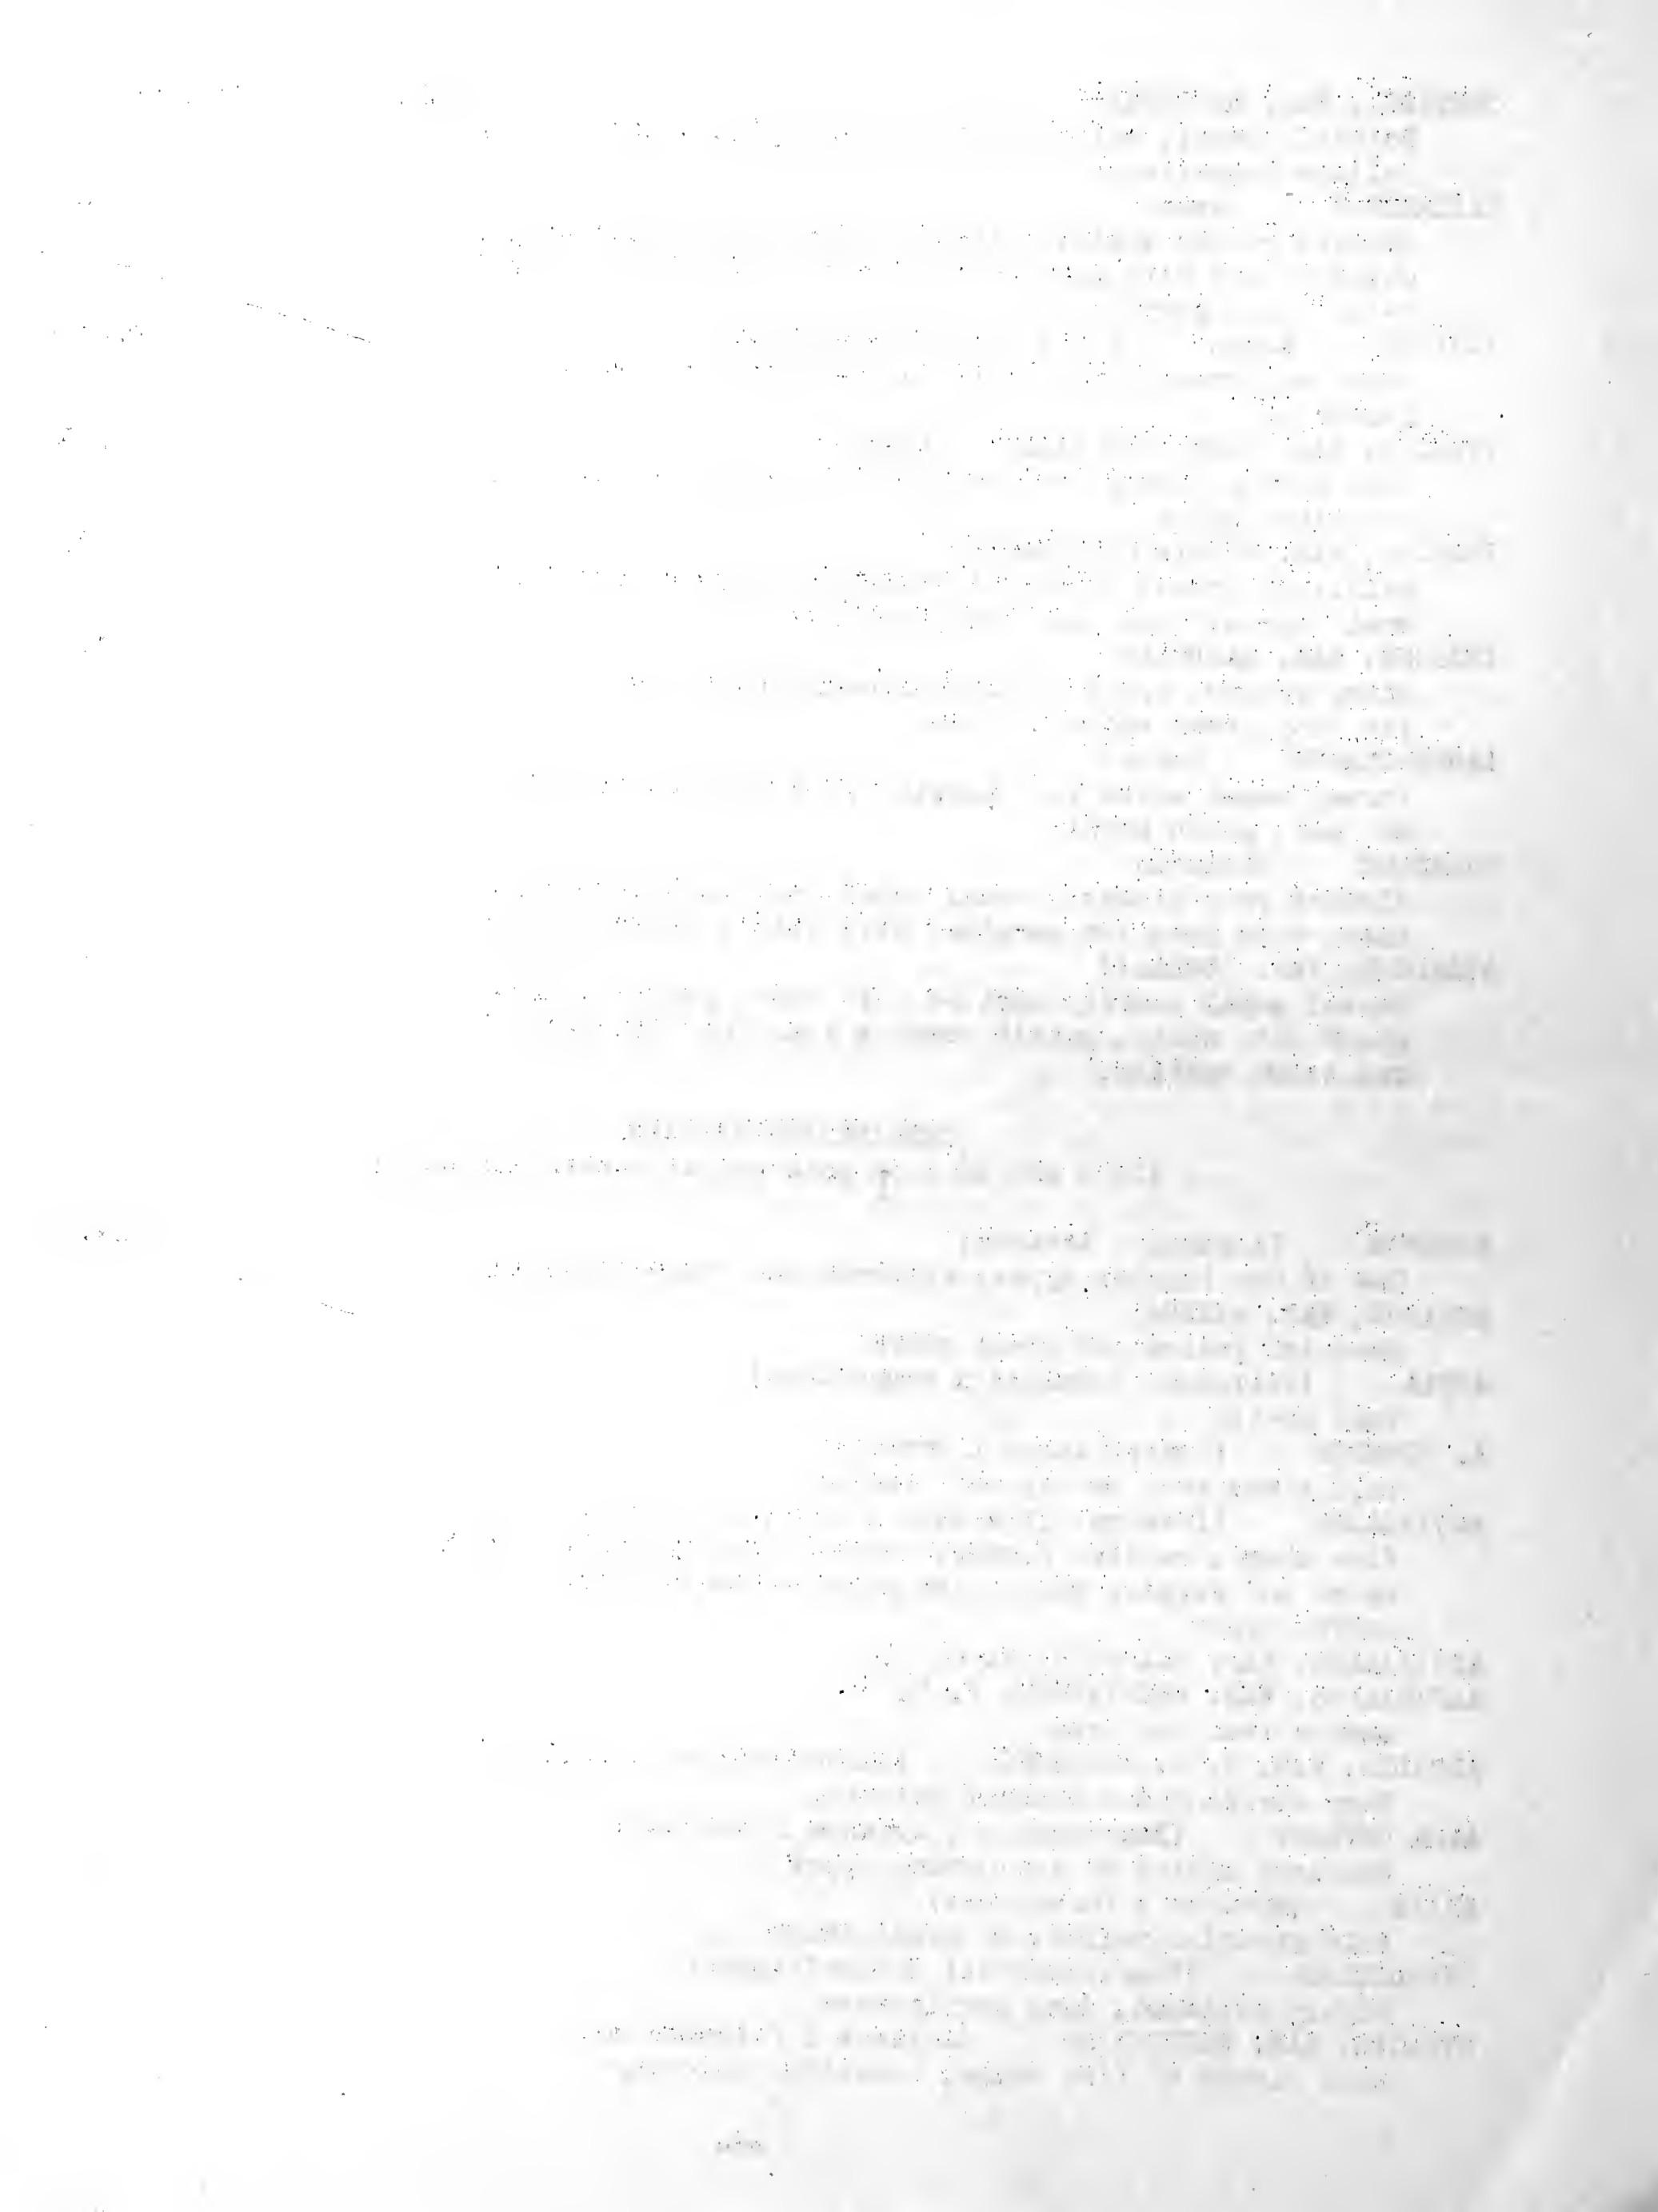

1. *U. S. Fish Commission*, *Report for the Year 1877*, Part I, pp. 10-11.

10. *Leucosia* *leucostoma* *leucostoma* *leucostoma*

CURTISII, VAR. SANDERAE	Summer and Various	\$12
Pointed dorsal, white with green stripes, pouch green; foliage tessellated		
FAIRREANUM . Assam		\$15
Flowers rather small, uniquely charming; dorsal sepal white veined with purple, lip green, flushed with red, veined with purple		
INSIGNE Assam (In 4 and 5 inch pots)		\$3-\$5
Brown and green types, very variable; very free- flowering		
INSIGNE, VAR. HAREFIELD HALL Assam		\$7.50
Bold flower, tawny, white-margined upper dorsal with chocolate spots		
INSIGNE, VAR. PUNCTATO-VIOLACEUM		\$15
Brilliant green, with white-margined upper dorsal with small spots, green and tawny petals		
INSIGNE, VAR. SANDERAE		7.50
Honey yellow, upper dorsal white-margined, with a few tiny brown spots at base		
LAWRENCEANUM Borneo		\$8
Dorsal sepal white with purple red stripes, greenish at base, pouch purple		
VILLOSUM Moulmein		\$3
Flowers very glossy; dorsal sepal brownish purple at base, then greenish margined with white, petals tawny		
VILLOSUM, VAR. BOXALLII		\$3
Dorsal sepal heavily spotted with black purple, mar- gined with white, petals greener than the type with red brown markings		

CYPRIPEDIUM HYBRIDS
(In 3 and $3\frac{1}{2}$ inch pots unless otherwise noted)

ACTAEUS (insigne x Leeandum)	\$7.50
One of the lighter types, vigorous and free-flowering	
ACTAEUS, VAR. BIANCA	\$15
Greenish yellow, of great charm	
ADELA (villosum, Boxallii x superbiens)	\$3
Very pretty	
A. DIMMOCK (Godseffianum x Druryi)	\$10
Tall stem; very pretty and distinct	
ALCIBIADES (Leeandum, giganteum x Mons. de Curte)	\$10
Fine shape, massive flower; dorsal densely spotted with brown and purple; one of the progenitors of best modern types	
ALCIBIADES, VAR. ILLUSTRE, F. C. C.	\$10
ALCIBIADES, VAR. MAGNIFICUM, F. C. C.	\$15
Larger than the type	
ALCIDES, VAR. C. G. ROEBLING (hirsutissimum x insigne)	\$10
Very striking and unusual coloring	
ALMA GEVAERT (Lawrenceanum, Hyeanum x Maudiae)	\$12
Handsome albino of the parent types	
ANITA (Actaeus x Sanaderrae)	\$20
Pale greenish yellow, of great charm	
BINGLEYENSE (Charlesworthii x Harrisianum)	\$20
Highly polished, deep purple rose	
CYCLOPS, VAR. WESTONBIRT (Actaeus x fulshawense)	\$25
Bold flower of fine shape; beautiful coloring	

CYMATODES, VAR. BEECHENSE	(Curtisii x superbiens)	\$25
	Rare and distinctive flower of the longer-petaled type	
CYRIL LEE, VAR. F. C. C. M. O. S.	(Idina x Thisbe)	\$25
	Tall stem, finely shaped, spotted-dorsal variety	
CYRIL LEE, VAR. MAGNIFICA		\$25
	Larger than the type	
DESDEMONA, VAR. HADDEN HOUSE	(Alcibiades x Mrs. Carey Batten)	\$25
	Tawny brown color	\$20
DREADNAUGHT, F. C. C. VAR.	(insigne, Harefield Hall x Troilus) (In 5 and 6 inch pots)	\$15
	Very bold, massive flower	
GOULTENIANUM, VAR. ALBUM	(callosum, Sanderae x Curtisii, Sanderae)	\$20
	Albino of the Curtisii type; very graceful	
HANNIBAL	(Var. of nitens-Leeanum)	\$12
	Polished brilliant flower	
HARRISIANUM	(barbatum x callosum) (In 4 and 5 inch pots)	\$3-\$5
	Tall, mahogany-color	
HOLDENII	(callosum, Sanderae x Maudiae, magnificum)	\$12
	Handsome albino of the parent types	
HOLDENII, F. C. C. VAR.		\$15
HOLDENII, VAR. WESTONBIRT		\$15
JAMES O'BRIEN	(insigne, Harefield Hall x Mons. de Curte)	\$15
	Improved insigne, Harefield Hall type	
KING ALBERT	(Carola x chrysotoxum)	\$15
	Tall, dark reddish-purple flower	
KING ARTHUR	(bingleyense x Mons. de Curte)	\$20
	Large dark cypripedium	
KING ARTHUR, VAR. ALEXANDRINA		\$20
LEEEANUM	(insigne x Spicerianum)	\$3-\$5
	Charming flower, white dorsal with central stripe	
LORD WOLMER, VAR. DUKE OF MARLBOROUGH, A.M.R.H.S.		
	(Hera x Leeannum)	\$20
	Very tall stemmed for the type; distinct and handsome	
LORD WOLMER, VAR. VASHTI F. C. C. M. O. S.		\$20
	Lighter in color than the above	
MAUDIAE	(callosum, Sanderae x Lawrenceanum, Hyeanum) All Seasons	\$12
	Handsome albino of the parent types	
MAUDIAE, CUSSON'S VAR.		\$15
MAUDIAE, VAR. MAGNIFICUM		\$15
MAUDIAE, VAR. WESTONBIRT		\$15
NITENS	(insigne x villosum)	\$3
	Green and tawny, dorsal heavily spotted	
NITENS, VAR. SALLIERII		\$3
	Larger and more darkly spotted than the above	
OLIVIA	(niveum x tonsum)	\$15
	Lovely pale pink with tiny purple spots	
PAULINE	(Holdenii x Lawrenceanum, var. Hyeanum)	\$20
	Albino of the slightly drooping-petal type	
ROYAL GEORGE, F. C. C. VAR.	(Harrisianum x Minos, Youngii)	\$20
	Bold and showy flower of dark purple-rose with lighter shadings	
SAN-ACTAEUS, VAR. YELLOW GEM	(insigne, Sanderae x Actaeus)	\$20
	Improved insigne, Sanderae type	

SELLIGERUM, VAR. MAJUS	(barbatum x Philippinense)	\$10
Interesting and odd		
ST. ALBANS	(Antigone x Harrisianum)	\$7.50
Deep purple red		
THE PREMIER	(Mons. de Curte x Mrs. Wm. Mostyn)	\$15
Showy flower; dorsal-sepal grass green, white-margined		
with brown purple spots		
THISBE	(Cymatodes, beechense x Fairreanum)	\$25
Charming free-flowering plant of the dark, heavily-spotted variety		
TOM WORSLEY, F. C. C. M. O. S.	(Actaeus, langleyensis	
x Helen II)		\$25
Lovely cream-yellow flower, lightly spotted dorsal		
W. W. LUNT	(villosum, Boxallii x insigne)	\$3

DENDROBIUM (Intermediate & Warm)
(In 3 and 3½ inch pots)

CHRYSOTOXUM	Species	Moulmein	Summer	\$20
	Orange yellow			
NOBILE	Species	India and China	Spring	\$5
	White with purple tipped petals and lip			
PHALAEONOPSIS	Species	No. Australia	Autumn	\$10-\$25
	Long sprays of pale to deep mauve; beautifully shaped flowers of great delicacy and charm			
THWAITESIAE	(Ainsworthii, splendidum x Wiganiæ)		Spring	\$15-\$25
	Yellow with brown in lip			

LAELIA (Intermediate)

ANCEPS	Mexico	(In 5 to 7 inch pots)	\$5-\$10
	Rosy mauve, brilliant purple lip		
CRISPA	Brazil	(In 6 to 8 inch pots)	\$10-\$15
	White with bright purple-veined lip		
PURPURATA	Brazil	(In 5 and 6 inch pots)	\$15-\$20
	White tinged with rose, rich crimson-purple lip with yellow in throat		

LAELIOCATTLEYA (Intermediate)
(In 4 and 5 inch pots)

BARBAROSSA	(C. Trianae x Lc. callistoglossa)	August-February	\$20
	Pale mauve, very dark lip		
BELLA	(C. labiata x L. purpurata)	October-February	\$10
	Lavender, large dark lip		
CALLISTOGLOSSA	(C. gigas x L. purpurata)	Summer	\$15
	Blush, with brilliant lip		
CANHAMIANA	(C. Mossiae x L. purpurata)	Spring	\$10
	Deep mauve with veined purple lip		
CANHAMIANA, VAR. ALBA		Spring	\$20
	White, with purple lip		
CHEERFUL	(C. Leda x Lc. Delight)	October-December	\$15
	Yellow and bronze types; purple lip		
HERSENTIOSA	(Lc. Hersentiae x Lc. luminosa)	July-November	\$15
	Mauve		
LUMINOSA, VAR. AUREA	(C. Dowiana x L. tenebrosa)	Autumn	\$25
	Deep bronze, intense purple lip		

On the other hand, the *lateral* or *transverse* axis of the body is the line which passes through the middle of the body, from side to side.

REFERENCES AND NOTES

1. *Chlorophytum comosum* (L.) Willd. (Asparagaceae)

MARTINETII	(C. Mossiae x L. tenebrosa)		Summer	\$20
	Pale bronze, purple lip			
SHOGUN	(Lc. Martineti x L. tenebrosa)		Late Summer	\$20
	Bronze, purple lip			
VERONICA	(Lc. Vera x C. Gaskelliana)		July-October	\$15
	Mauve, throat striated with yellow			

MILTONIA (Intermediate)
 (In 3 and $3\frac{1}{2}$ inch pots)
 Blossoming Period from April to July

BLEUANA	(vexillaria x Roezli)		\$7.50-\$10
	White, pale bronze center		
CHARLESWORTHII	(vexillaria, Mem. G. D. Owen x Hyeana)		\$10-\$15
	Brilliant mauve-pink, large maroon blotch at center		
MARIETTA ARMACOST	(Reine Elizabeth x Charlesworthii, Armacost-various types)		\$10-\$25
	Very variable; handsome and showy		
ST. ANDRE	(Bleuana, Sanders x Roezli)		\$7.50-\$10
	White with rose markings		
VEXILLARIA, SPECIAL VAR.	Species Colombia		\$15-\$25
	Rose with yellow at center; superior type		

ONCIDIUMS
 (Cool, Intermediate and Warm, depending on variety)

These are all wide branching sprays of brilliant lemon-colored flowers. No collection is complete without them and the different varieties insure flowers throughout most of the year.

FLEXUOSUM	Species	Brazil	Spring and Fall (5 in. pots)	\$5-\$10
LURIDUM	"	West Indies	Spring (5-6 in. pots)	\$10-\$15
SPACELATUM	"	Mex. & W. Ind.	Spring (6-8 in. pots)	\$7.50-\$15
SPLENDIDUM	"	Guatemala	Winter (5-6 in. pots)	\$10-\$15
VARICOsum				
VAR. ROGERSII	"	Brazil	Fall to Winter (4-5 in. pots)	\$10-\$15

PHALAEOPSIS SPECIES (Warm)
 (In 4 and 5 inch pots)
 Blossoming Period from January to April

AMABILIS, VAR. RIMESTADIANA	Java		\$10-\$20
	Pure white, very large, yellow in lip		
SCHILLERIANA	Philippines		\$10-\$15
	Lovely mauve-pink, small maroon spots in lip		

PHALAEOPSIS HYBRIDS
 (In $3\frac{1}{2}$ and 4 inch pots)

ALPHA	(Confirmation x Sanderiana)		\$10
	Blush and pink flushed		
AMABILIS, VAR. ELIZABETHAE	(amabilis x Rimestadiana)		\$15
	Pure white, yellow in lip		
AMABILIS, VAR. KATHERINE SIEGWART	(amabilis x Gilles Gratiot)		\$15
	Pure white, yellow in lip		

CONFIRMATION	(amabilis, Rimestadiana x Schilleriana)	\$10
Blush and pink flushed		
GRANDE CONDE	(Schilleriana x Sanderiana)	\$10
Blush and pink flushed		

RONAELLE	(Gillis Gratiot x Rothschildiana)	\$20
Pure white, yellow in lip		

RENANTHERA (Warm)

COCCINEA	Burma	Spring (5 in.pots)	\$15
Tall spikes of many flowers, blood-red, spotted with yellow			

SCHOMBURGKIA (Warm)

SUPERBIENS	Guatemala	Summer (6-8 in. pots)	\$10-\$25
Very tall spikes of many flowers, deep rose, crimson lip			
TIBICINIS	Honduras	Summer (5-6 in. pots)	\$7.50
Tall spikes of undulate reddish-brown, with orange			
yellow in lip			
UNDULATA	Colombia	Spring (5-6 in. pots)	\$10-\$15
Tall spikes of undulate purple-brown flowers,			
lip pale rose and white			

VANDA (Intermediate and Warm)

COERULEA	Species	Burma	September-December (5-7 in. pots)	\$10-\$15-\$25
The famous "blue" orchid. Sprays of round pale blue				
flowers with purple sapphire at center				
SANDERIANA	Species	Philippines	Late Summer (7-8 in. pots)	\$30-\$50
Magnificent flowers, large, round and amazingly colored				
SUAVIS	Species	Java	March (8-12 in. pots)	\$25-\$30
White, heavily spotted with blood-purple, lip deep				
purple; beautiful and unusual				
TERES	Species	India	Spring (4 in. pots)	\$7.50
Lovely round flowers of light rose and rose-magenta,				
with orange-yellow and red spots in lip				

ZYGOPETALUM (Intermediate and Warm)

MACKAYI	Species	Brazil	Autumn & Winter (4 in. pots)	\$7.50
Yellowish-green, blotched with brown, petals and sepals				
forming a crest of bluish-green; very striking and unusual				

SEEDLINGS

2 - 2½ - 3 inch pots \$2.50 to \$5
(Unless otherwise stated)

Our seedlings come from unusually fine parents and should produce superior plants. Only healthy, strong stock offered.

VANDA (3-4 in. pots)

\$7.50-\$10

to add a definition of what
is to be included in the term.

It is also important to have a clear
definition of what is to be included in the term.
This will help to ensure that the term is used
consistently and accurately throughout the document.
It will also help to prevent confusion and
ambiguity in the interpretation of the term.

Conclusion

In conclusion, it is important to have a clear
definition of what is to be included in the term.
This will help to ensure that the term is used
consistently and accurately throughout the document.
It will also help to prevent confusion and
ambiguity in the interpretation of the term.
